

2013 NAIP Planning

John R. Mootz, Contracting Officer
USDA/FSA Aerial Photography Field Office
Salt Lake City, Utah

Proposed 2013 Task Order

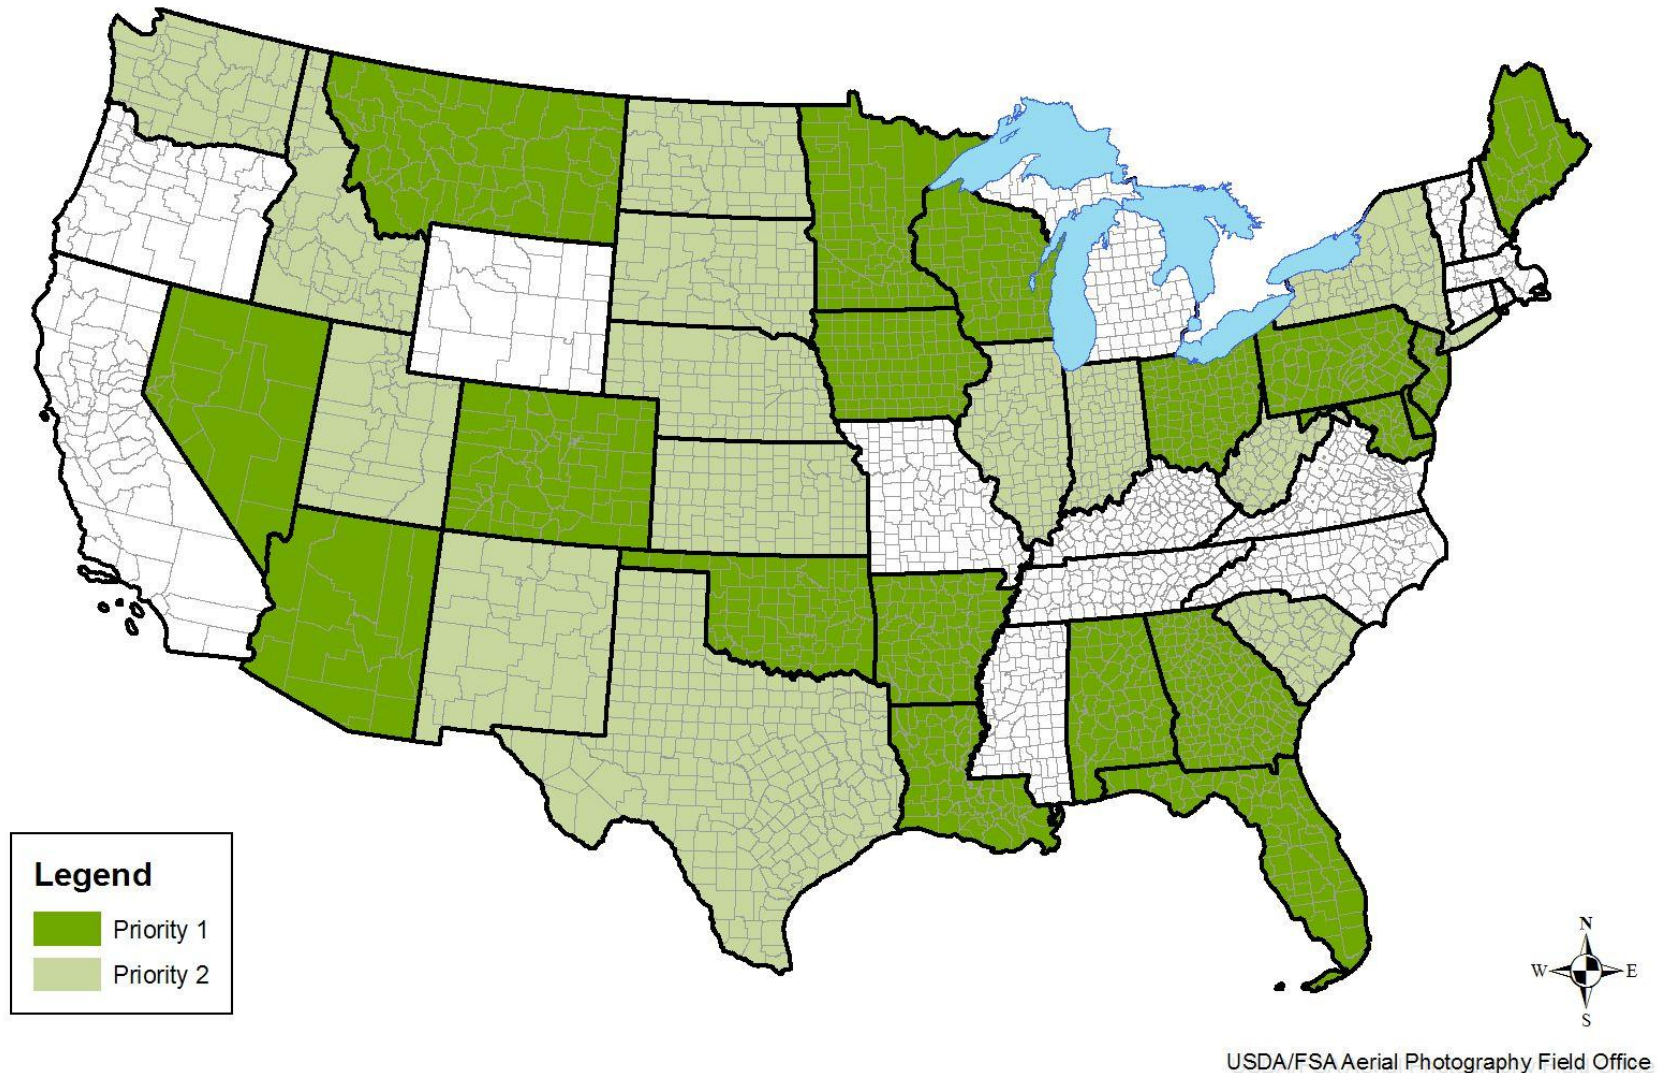

- Same requirements 2012
- Early access web service
- Planning on 19 states
- Discussions with few possible 1/2 m buy-up partners (low probability)

Early access web-service

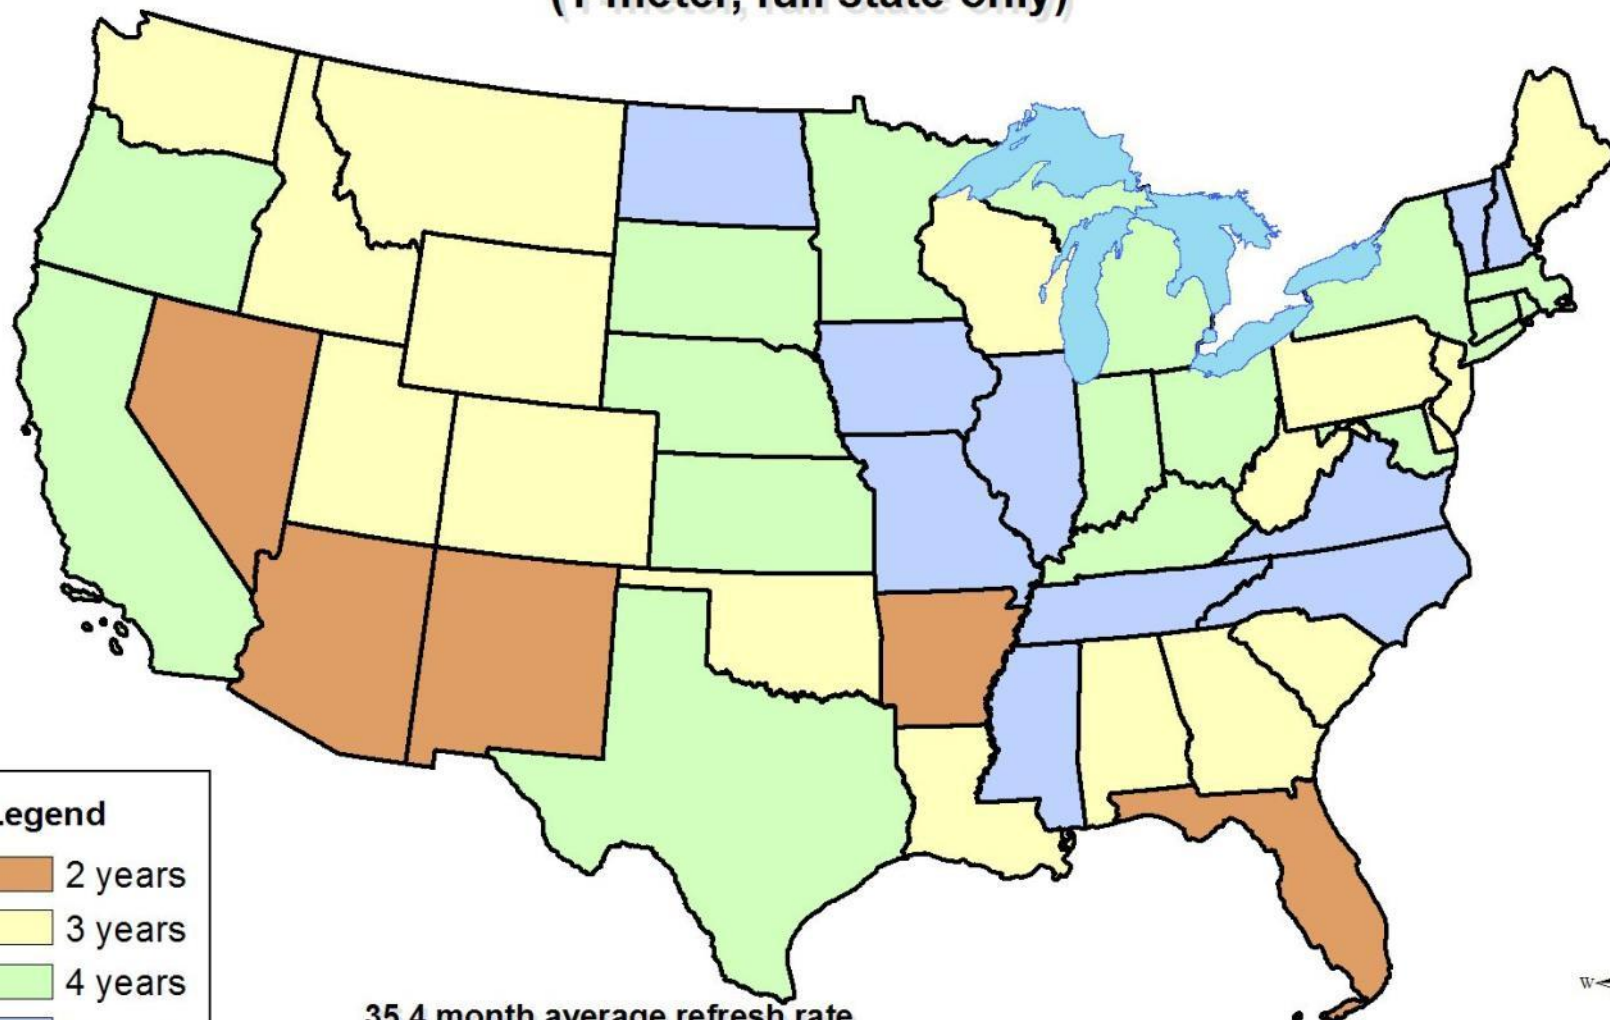

- Possible pilot to allow early visual verification of current field conditions
- Cost drivers:
 - Turn around time (i.e. 1 day vs 1 week)
 - Number of users
- Will discuss this afternoon in planning meeting

2013 NAIP Planned Acquisition

2003-2012 NAIP

**Number of years that imagery has been acquired
(1-meter, full state only)**

35.4 month average refresh rate
(25.1 month over last 4 years)

USDA/FSA Aerial Photography Field Office
